HAMMOND APPEALS TO CIRCUIT COURT

GETS $1,000 FINE AND JAIL SENTENCE THIS MORNING

ACCUSED NOT ON STAND

Two Men Testify He Sold Them Corn Whiskey at $8 a Quart Last Sunday

Ed Hammond was fined $1,000 and sentenced to a year in the county jail this morning on a charge of selling "corn whiskey". His trial was held in police court before Mayor F. P. Robinson.

Hammond did not take the stand this morning in his own defense. He appealed his case to the September term of the circuit court and gave bond for $1,000. His bond was signed by Q. A. Gilmore and George Hammond.

According to the testimony of Earl Hayworth and George McKee, Hayworth came to town Sunday and found McKee and went in search of some liquor so they could celebrate the Fourth of July. They found Hammond at the Star livery-barn. He took Hayworth to the basement where he took a quart of corn whiskey from a hiding place and sold it to him for $8, their testimony showed.

Later in the day Hayworth and McKee saw Hammond again and by arrangement he put a quart and pint of whiskey in their car and drove with them to the west part of town, where McKee gave him $8 for the quart. Hammond tried to induce them to take the pint for $4, but McKee didn't want it at that price and Hammond refused to leave it with Hayworth on promise to pay for it the next day.

Hayworth was in Maryville early Sunday morning and he and McKee went to Sunday school. It was not until about 11 or 12 o'clock that they found Hammond and got their booze.

After the men had bought the second quart of whiskey, about dark Sunday evening, Hammond left them and they went down to the home of John Mulligan on East Fifth street. It was at this place the officers arrested McKee and Hayworth which led to the arrest of Hammond.

George Pat Wright was the attorney for the defendent and L. C. Cook acted as city attorney in the place of T. A. Cummins who is sick.

Nodaway County is placed in the fifteenth congressional district under the terms of a joint bill introduced in the senate yesterday afternoon by Senators Tout of Cass County and Proctor of Kansas City. The bill rearranges and reduces the Missouri congressional districts from sixteen to fifteen, based on the theory that reapportionment by the national Congress will reduce the state's representation to fifteen.

DORMITORIES NEED OF COLLEGE HERE

BERT COOPER TELLS HOW LOUISIANA PROVIDES FOR STUDENTS

SCHOOL HERE SUPERIOR

Building of Cottages and Halls Would Add to School Spirit, Says County Superintendent

Natchitoches, the seat of the only state teachers' college in Louisiana, does not compare with Maryville, seat of the Northwest Missouri State Teachers' College, according to Prof. Bert Cooper, Nodaway County superintendent of schools, who is taking work and teaching several courses in the Louisiana school. The school here is superior in many respects to that at Natchitoches, he says.

In a letter to the Democrat-Forum, Mr. Cooper urges dormitories as the greatest need of the college here. His letter is as follows:

"This is the only state teachers college in the state of Louisiana. That gives it a decided advantage both in attendance and equipment. The enrollment is over twelve hundred this summer. The school has five large dormitories for girls and one for boys, besides a long row of cottages for married men and their wives. There is a fine dining hall on the campus that accomodates 950 people. On another part of the ground is a laundry operated by the college where the students and faculty members can get their laundry done at a very low rate.

"The entire cost of room, board, laundry, hospital fee, athletic fee, and registration and tuition is $40.00 for the six weeks term.

"The main building does not compare with ours, and our school is superior in many respects, but it is a fact that we must have dormitories with our college in Maryville. It adds wonderfully to the school spirit and home life of the institution. I hope the time is not far distant when we will have our beautiful campus filled with homes for the students.

"We were certainly delighted to hear of the splendid enrollment this summer up there.

"Every Saturday night a moving picture show is given in the assembly hall for the benefit of the students and faculty, charges ten cents each. The very best films are shown. The pictures are carefully selected, but are not all "Educational" Last night we had Douglas Fairbanks as Zorro, and next Saturday we will have "Humoresque" and the following Saturday, "Kismet" Students who live in the clubs on the campus cannot go down town to the shows, but there is little trouble about that for they charge thirty three cents.

"The student life is well regulated. Class work begins at 7 o'clock in the morning and all school recitations end at 1 o'clock Then dinner is served, followed by a rest period which lasts until 3:30 o'clock. Every one must study in his or her room and be quiet until the bell rings for study. That period lasts until 5 o'clock. The rule works admirably.

"This town doesn't hold a candle to Maryville. If you could come here and see things for awhile you would appreciate what it means to have a live chamber of commerce in the town. They have a commercial club here but it is dead, ready to bury. You should see the fire department. There has been a fire a week since we came and each time a fine house was entirely reduced to ashes except once and then there were two houses burned.

"This town is two miles long and one mile wide and the fire department consists of an old two wheeled

JUDGE'S RULING FAVORS MEDICAL ACT REFERENDUM

Request for Injunction Is Denied—Must be Made More Specific Says Judge Slate.

Jefferson City, July 6.—(Special.) Judge John G. Slate of the Cole County Circuit Court today ordered that the petition for an injunction to bar the medical college lot be made more specific. The petition attacks ninety of the signatures to the referendum petition, only thirty-two of which need be struck out to kill the referendum on this measure. Judge Slate's order was made on a motion by Assistant Attorney General Albert Miller and A. T. Dumm.

The application for an injunction was filed last week by former State Senator Buell L. Matthews of Clayton, counsel for Paul V. Kaesser of Wellston, nominal plaintiff in the proceedings.

It alleges that of 3,544 signatures, with 3,513 necessary, in the Fourth (St. Joseph) District, there are fifty fraudlent names and forty more that are so illegibly written that they should not be counted.

The amended petition must be filed Thursday. Judge Slate also required Matthews to file a surety bond to guarantee the expenses of the investigation, in the event the injunction is issued. If it is granted, the court will appoint a special commissioner to take the testimony.

"No matter where they live there's a nearby U. S. Dealer with his nearby U. S. Factory Branch"

Who says that "bargain" tires are what the people want

MOST everybody knows the easy-going sort of man who never takes a tire seriously until he gets a blow-out.

How long he will resist universal tire education is a question.

But this is sure—

More people are finding out every day that between leaving things to luck and getting *real economy* there is a big difference.

Many a car-owner has come to U. S. Tires because he couldn't afford to keep on *paying* that difference.

Probably seven out of ten users of U. S. Tires came to them only after they'd had enough of "discounts", "bargain offers", "clearance sales of surplus stocks" and other similar appeals.

They have found *economy*—and they stick to it.

They pay a *net* price—not "something off list" that may not mean anything in the first place.

They get *fresh, live tires, being made and shipped* while this message is being written.

No matter where they live there's a nearby U. S. Dealer with *his* nearby U. S. Factory Branch.

U. S. Tires keep *moving*.

No opportunity to get old and dried out. No shifting here and there trying to find a market.

Every U. S. Tire a *good* tire, wherever you find it anywhere in the country.

Because the U. S. policy is a *good* policy that serves the car-owner all the time.

Doing the very best for him that human good faith can do.

THE U. S. CHAIN TREAD

One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

The U. S. Chain Tread gives sufficient traction on all ordinary road surfaces. It is probably the handsomest, and by all odds the most popular, of the whole U. S. Fabric Tire line.

Letters of Gratitude.

Eloquent language and illustrations in advertising may appeal to many, but after all it is the homely, sincere letters from women, overflowing with heartfelt gratitude for health restored by Lydia E. Pinkham's Vegetable Compound, that convince other suffering women that there is a medicine that will help them also. Many such letters are being published in this paper from day to day, and it is to any woman's advantage who suffers from female ailments in any form to give this old fashioned root and herb remedy a trial.—Adv.

One Thing After Another.

It is many years since man was to be cured of all his ills by the removal of a largely superfluous appendix. When the magic of that operation began to pall pyorrhea became the chief criminal and the substitution of "dentures" for the unruly teeth of nature the elixir of life. But man's health was still indifferent, and the discovery of the "dead tooth" in all its peril promised a pathway to centenarian vigor. Passing by monkey glands, we now come to the nerve centers of the spine as the seat of all trouble and to a delicate combination of osteopathy and massage as the infallible recipe for perfect health.—London Express.

Another Victory for Machinery.

From Lyons, France, comes the report that a machine has been developed for making raised embroidery in gold and silver. It is stated that the stitch is a copy of an ancient form of embroidery and gives an impression of handwork, and is also the first machine that has been successful in using the metallic thread. It is stated that the machine is the result of seven years of study, and that the results are very satisfactory.—Scientific American.

RAILROADS GRANT REDUCED RATES TO CENTENNIAL FAIR

Missourians Must Pay Only One and One-Half Fare for Round Trip to Sedalia.

Sedalia, July 6.—A special railroad rate of one and one-half fare for round trip tickets to the Missouri Centennial Exposition and State Fair here August 8-20 has been granted by the Western Passenger Association. The rate is effective throughout the state.

The rate, which will be on round-trip tickets to Sedalia, goes into effect August 6. The final date for the use of tickets purchased under this rate is August 22, two days after the closing of the Exposition here.

Special trains bringing Missourians from the Pacific Coast may be arranged. The Centennial-Fair promises to unite many former citizens of the Center State in celebration of her hundredth birthday. Plans are being made by more than 600 former Missourians in Los Angeles to attend the Exposition here. While it is also hoped to have a special train service from Seattle and Portland, Oregon, nothing definite has been learned concerning the fulfillment of these proposals.

According to the Fair Management here, special automobile parties are being made up in Montana, Idaho and Wyoming to tour to Sedalia for the Exposition. Free camp ground space will be allotted the "caravans" upon their arrival.

Persons coming to the Centennial-Fair by rail from points outside the state should purchase tickets to border stations in Missouri. From there they can obtain Centennial rates to Sedalia. Many native sons and daughters are expected to make the journey from the west coast, taking advantage of the "back east vacation rates."

The Legislature has appropriated $150,000 with which to conduct a suitable Exposition in honor of the state's first century of sovereignty. Large premiums have been offered than at any past Fair and the Missouri Centennial Commission and the State Fair Association, working in conjunction with the local Chamber of Commerce, are planning the biggest celebration in the history of the state.

WILL VOTE ON SOLDIER BONUS BONDS AUGUST 2

Question of Women Holding Office and Changes in Constitution Will Also Come up.

Jefferson City, Mo., July 6.—The people of Missouri on August 2 will vote on whether or not they will give to the men who served overseas from Missouri during the war, compensation for the time which they spent fighting. Gov. Hyde in a recent proclamation has called the election for this date. Besides the constitutional amendment for payment of the soldiers, the questions of women holding office, changing the constitution so as to allow women to have the constitutional right to vote and methods of providing for the $60,000,000 bond issue will come up.

The proposed soldier bonus amendment to the constitution would authorize a bond issue of $15,000,000.

Under the provisions of the amendment each man who had lived in Missouri for one year prior to April 6, 1917 and who between that date and November 11, 1918, served in the military or naval forces of the United States would receive from the state $10 for each month of service, not to exceed twenty-five months or $250.

Missouri furnished 138,319 men to the United States Army, Navy and Marine Corps for the world war. The $15,000,000 which it is proposed to give to the former service men averages just about $108.50 for each man.

Many of these men served only a few months and on the other hand many served from about two to two and one-half years.

The proposed bonds would bear 5 per cent interest and the bonds and the interest would be paid by a direct annual tax on all taxable property in the state. They would mature not later than twenty years after the date of issuance.

N. G. M. DAVIS FUNERAL TO BE HELD HERE TOMORROW

Former Resident and Prominent Republican of County Dies at Home in Columbia.

N. G. M. Davis, a former resident of Nodaway County and long prominent in Republican political circles here, died at his home in Columbia yesterday. He was 71 years old. His son George Fred Davis, of this city was at his bedside.

Mr. Davis was born in Fort Madison, Ia., November 29, 1850. He moved to Missouri with his parents in 1861, living near the present site of Elmo until 1900. He married Miss Laura J. Gray on September 22, 1872, the ceremony being performed by the Rev. Aaron Wallace.

Four children survive. They are Mrs. J. R. Carmody, Champaign, Ill.; Ben F. Davis and Emanuel Davis, Kansas City; and George Fred Davis of Maryville. Six grandchildren are living.

Mr. Davis retired from the farm and made his home in Columbia since 1909. He was well known in musical circles, taking an especial interest in church organizations. He was a member of the Methodist Church and the Masonic order.

He helped to organize the Republican party in Nodaway County and took an active part all his life in politics. He was a delegate to the Republican state convention from Boone County in 1920.

The funeral services will be held here at the First Methodist Church at 3 o'clock Thursday afternoon, conducted by the Masonic order. Burial will be in Miriam Cemetery.

FAMOUS OPERA STAR COMING

Pascova, the noted Australian opera Star of the Chicago Opera Company, whom the New York critics rank with Melba and Percy Grainger also of Australian birth, will appear here in recital the fourth night of the Maryville Chautauqua. Associated with her will be Florence Hardeman, formerly solo violinist with John Phillip Sousa and Stewart Wille, piano accompanist for Arthur Middleton.

It is expected the concert by these three world renowned artists will be one of the greatest musical events of Chautauqua history.
